## **That time I had the brilliant idea to ask my good friend for lessons in sex-ploration...**

Awkward? Maybe. But how else is a good girl going to find out if she likes being naughty? I might be sweet as cherry pie, but I'm also bold and damn curious. And Gabe is charming, trustworthy, aces at seduction (or so I hear) and—bonus!—willing to give me lessons. But to guarantee it won't ruin our friendship, I have some specific requirements for his instruction. I want these classes to be hypothetical more than hands-on. So what if he's hella sexy? I can handle that, no problem.

\*\*\*

I have it bad for Arden. She's bright, brilliant, insanely fun, and I want to take her home and spend all night together—and then spend the day with her, too. When she asks for my help, I see my chance to win her sweet heart by showing her how much fun we can have getting spicy. Trouble is, she has a different idea of what "sex-ploration" should mean. Now I'm going to have to get really clever to win her over.

**Good thing I know exactly how to upend her best laid plans.**
