Soon to be a major Netflix original series!

The Witcher, Geralt of Rivia, becomes the guardian of Ciri, surviving heiress of a bloody revolution and prophesied savior of the world, in the first novel of the NYT bestselling series that inspired the blockbuster video games.

For over a century, humans, dwarves, gnomes, and elves have lived together in relative peace. But times have changed, the uneasy peace is over, and now the races are fighting once again. The only good elf, it seems, is a dead elf.

Geralt of Rivia, the cunning assassin known as The Witcher, has been waiting for the birth of a prophesied child. This child has the power to change the world - for good, or for evil.

As the threat of war hangs over the land and the child is hunted for her extraordinary powers, it will become Geralt's responsibility to protect them all - and the Witcher never accepts defeat.

Blood of Elves* is the first full-length Witcher novel by World Fantasy Award winner Andrzej Sapkowski, and the perfect follow up if you've read *The Last Wish

collection.
