When I'm in power there are going to be some changes around here, I can tell you. May's Britain is going to be a better place to live.

Top Gear's James May is back with his hilarious and controversial opinions on . . . just about everything.

As well as writing about his first love, cars, James has a go at political correctness, the endless rules and regulations of daily life, the internal combustion engine and traffic wardens. He discusses gastropubs, Jeremy Clarkson and other trials of modern life.

His highly entertaining observations from behind the wheel will have you laughing out loud, whether you share his opinions, or not.

Car Fever is an indispensable guide to life for the modern driver.
