Classic Solitaire Cards Games : How to Play World Best Free Cards Games and Double Your Score with New Rules, Tips and Hidden Tricks

Classic Solitaire is the good old game that said to have been originated in Germany or Scandinavia. Although this little book is not really created to tell the entire history of solitaire from its grassroots, we however still need to show a bit of a history of the matter as a sort of background for the game Solitaire.

Even before Windows 3.1, where Microsoft Solitaire was first introduced, the game has already been recorded in game books.

The game has become popular in the 1990s where Microsoft incorporated the game into their computers as a way of making people become attuned to using the computer

systems.
