**She will fight for what is hers.**

How do you turn back the tide...?

When the ship supposed to be taking them to safety ends up on hostile shores, Katerina and her friends find themselves in greater danger than ever. Caught in the clutches of an old foe, they must band together in a way they never thought possible, but is it already too late?

The darkness creeps ever closer, trying to get in. Some battles must be fought with iron and flame, but how do you defeat an enemy you can't see? How do you fight back against the monsters that rage within? And when the dust clears, how much of you will be left?

Can the friends unite against all that stands against them? Will ancient feuds and fresh adversity drive them apart? More importantly...can they get to the crown in time?
