New Year's Eve. The most overrated night of the year, right? I have to get through a night of enforced fun, drink all the prosecco and talk about new beginnings. But I don't want new beginnings. I want my old beginning back.

It's been ten days, two hours and forty-three minutes since **Tansy** got dumped. Two heartbreaking weeks since **Renzo**, who made her weak at the knees and dizzy with excitement, found out Tansy's secret - and ended it on the spot.

Since then, she's spent every evening scrolling through their old photos, drunk texted him twenty-six times (he stopped reading after five), and lost count of how many packets of Kleenex she's cried her way through.

That's where Operation Get Renzo Back comes in. She ropes in a new wing-woman, maxes out her credit card and accidentally-on-purpose bumps into him at every opportunity. Oh, and she finds a fake boyfriend, as you do...

But while she's busy pretending, Tansy's plan is thrown a major curveball. She has to learn the hard way that it's not her, it's him - and that sometimes, a break-up can end up being the making of you.

A fresh, funny and fabulous novel for anyone who has been dumped, got a post-break-up haircut, stalked an ex on Facebook, and then realised they were WAY better off without them. Fans of Sophie Kinsella, Lindsey Kelk and Matt Dunn will love this laugh-out-loud read.
