Carter Sloane is famous for one thing: winning cases. He's sharp, astute, and always gets his way. In his private life, he's constantly fumbling his way around when it comes to raising his two nieces.

When he moves into a new office, he just can't take his eyes off the fiercely independent woman across the street. He'd love to touch and kiss that irresistible body.

Valentina "Val" Connor is proud of her booming fragrance company. If only she were half as successful in her love life... Between trusting the wrong men and sheer bad luck, Val is convinced she'll never find the one.

However, the sexy lawyer in the neighborhood with his sophisticated charm and sex-appeal is hell bent on proving to her that she's wrong. Val's senses warn her to stay away from men like him-even if her body is begging her to cave.

But when she finds out about Carter's nieces, she steps in to help, doting on them with love and care. She can't believe that the same man who is usually in control is completely in over his head with the girls.

But as Val and Carter grow closer, one thing is clear to him: He'd move mountains to make her happy, but with Val's career soaring, how can he ask her to commit to the chaos of his life?
