his illustrated Travel Guide is a part of the Mobi Sights series, our concise guides that only feature the most essential information on city attractions. This guide is designed for optimal navigation on eReaders, smartphones, and other mobile electronic devices. Inside you will find a locator map and a list of top attractions linked to individual articles.

Please search for "Travel Florence, Tuscany and Umbria", part of the Mobi Travel series, if you are interested in the complete travel guide that includes more maps and attractions with additional articles on history, cultural venues, transportation, districts, dining, accommodations, units conversion, and a phrasebook.

NEW FEATURE: The attraction articles now include links to Google Maps. On a dedicated electronic reader with a slow connection and a primitive browser, Google Maps will display the attraction on the map along with metro stations, roads, and nearby attractions. On an internet-enabled device such as the iPhone and the iPad, Google Maps will even show you the route from your current location to the attraction you want to go to.
