She must rule a kingdom that is against her . . .

Petra Maguire wants to fight for her people, not rule them. But by Oberon's decree, she is now Queen of the new Carraig Sidhe kingdom. Problem is, many of her subjects would rather see her dead than on the throne.

As Petra struggles to unite her people, she must also join Jasper's quest to kill Finvarra before he can usher in a winter of Unseelie rule in Faerie. Torn between responsibilities, Petra will have to find a way to embrace her new role as royalty while still staying true to her warrior roots. And overshadowing everything is the imminent threat of the angry gods' return . . .
