The church doesn't have a message problem. The church is facing a message delivery problem.

The old communication playbook no longer works. What worked before isn't working anymore. It's time to rethink communication and leverage the greatest opportunities we've ever had to communicate in the church.

In *Rethink Communication*, Phil Bowdle walks through the new reality for what attendance, engagement, and attention look like for the church. Then he offers a practical communication playbook you can use to communicate anything in your church—and actually connect. These practical tips and proven strategies will work regardless of size, staff, or budget.

Communication has been overlooked for far too long in the church. It's time for that to change.

It's time to rethink communication for the church.
