A quick useful reference for corporate women! This book presents new realistic solutions to help women navigate through common issues they face in the workplace. It's organized to easily find the topic you want!

In today's world, women often feel they are losing their sanity. As they strive for career success, while trying to manage home and family responsibilities, they encounter barriers that keep them from career advancement and achieving the success they deserve. Yet they continue to struggle to attain the ever elusive work-life balance.

Many women report not feeling valued in their workplace. They face challenges with work relationships and politics, getting recognition, promotions, and equal pay. This book is packed with strategies to help women thrive in both their competitive workplaces and demanding personal lives. Some examples of strategies included in Sanity and Success for Working Women are methods for developing a professional

image, enhancing communication, and advancing into a leadership role.

A powerful advantage this book offers to working women are the exercises, which take an important concept and translate it into a practical experience. The impact of these exercises results in strengthening mental muscles in a way similar to that of physical training. Rather than simply reading a description of a problem, readers gain skill enhancements for positive change. There is also great value in these pages for corporate leaders, because they are the people with the power and influence to effect broad changes.

You don't want to miss out on this important book that levels the playing field for working women.

Author Bio: Linda McCabe is President and Founder of Optimal Level, a sought-after consulting firm helping business owners, professionals, and corporations go from where they are to where they want to be. Linda took a small struggling scrap iron and metal business and turned it into a multimillion dollar success. She then founded her current business, Optimal Level. Linda is also a speaker and facilitator renowned for her work in leadership, business growth, sales, and general success.

Linda was voted one of Chicago's Most Influential Women in Business. She has been married for 45 years to "the best husband in the world," has two adult children, and lives in Wheeling, IL. Linda is also the author of Optimal Level, A Woman's Guide to Meeting Life's Challenges.
