It's been over a decade since Verne Harnish's best-selling book *Mastering the Rockefeller Habits* was first released. *Scaling Up (Rockefeller Habits 2.0)* is the first major revision of this business classic which details practical tools and techniques for building an industry-dominating business. This book is written so everyone — from frontline employees to senior executives — can get aligned in contributing to the growth of a firm. *Scaling Up* focuses on the four major decision areas every company must get right: People, Strategy, Execution, and Cash. The book includes a series of new one-page tools including the updated One-Page Strategic

Plan and the Rockefeller Habits Checklist™, which more than 40,000 firms around the globe have used to scale their companies successfully — many to \$10 million, \$100 million, and \$1 billion and beyond — while enjoying the climb!
