I walked out of Tucker Middleton's bedroom seven years ago, leaving him hurt and angry. Now I need his help; the only way I can get it, is to make him think I want him back.

The only problem is we have silently vowed to hate one another for the rest of our lives. In order to get Tucker to help me—I *have to seduce him*.

Charleston Monroe is playing me for a fool. If she believes for one second I'm going to let her walk into my life to help her save the very job that ripped her away from me, she's got another thing coming.

She thinks she can seduce me, and I let her believe she can. After all, I'm getting what I've always wanted.
