

Download Stalin free Ian Grey (PDF, ePub, Mobi)

Joseph Stalin was one of the most frightening figures of the twentieth century. His name brings to mind brutal terrorism and ruthless oppression. Yet, as New York Times bestselling author Ian Grey shows, at the core of the Man of Steel was a humble, puritanical Georgian peasant. What set him above others was his intelligence, discipline, perception, indomitable will, and above all, a messianic determination to lead Russia to a grand destiny.

Grey's comprehensive biography portrays Stalin as a complex, paradoxical figure - a leader whose power was rooted in the tsarist traditions he abhorred and whose tyranny was based on an ambition to ensure the strength of his party. In his single-minded dedication to the growth of Russia under communism, Stalin was able to disregard all sense of morality. Yet, through his magnetism, he commanded the respect of his colleagues and the adulation of his people. Even Winston Churchill held him in awe.

Stalin is a powerful history of Russia's evolution from backward nation to world power, as well as a dramatic portrait of a man who was called both "The Implacable" and "Beloved Father."
