Based around DSM 6.2.2, Updated Autumn/Fall 2019

With superb functionality and ease of use through the acclaimed DSM operating system, Synology DiskStations are the NAS of choice for the discerning purchaser. Whether it is the storage and sharing of information, the streaming of videos, music and photos to computers and smart devices, video surveillance or the ability to have a private cloud that allows access to information from anywhere, the DiskStation can do it. But this power and flexibility comes at a price: setting up a DiskStation for the very first time can seem a daunting prospect. This guide, with over 250 illustrations and screen shots and proven easy-to-follow instructions, will take you through the process from start to finish and help ensure that your home or small business network is a success. Covers working with Windows, Mac, Linux PCs, Smartphones and tablets. Whether you have just purchased a DiskStation, are about to, or simply want to find out more about Synology NAS and DSM, this guide will help you.
