From tracking a rogue neuromancer to fending off raiders, Hunter thought things would return to normal after he escaped from Maunhouser's laboratory ship.

But he was wrong.

When Katherine makes a startling discovery in the data she stole from Maunhouser, Hunter is forced to face troubling news before ultimately learning what Maunhouser bought at Site B. Once again, he must face the corp he despises, risking it all to stop them from making the greatest discovery since the fall of the Gate Age.

Set in a far distant future, The 28th Gate is a series of tales that will appeal to fans of space marines, space fleets, and military hard science fiction. The series consists of eight volumes spread across four seasons telling the story of Hunter's struggles against the AAA corporation that created him. Each volume contains six episodic novelettes, each with

the action, character, and plotting of a complete story all crammed into an espresso-like package, while each season chronicles a different arc in the overall epic.

Join Hunter and the crew of the Essta now in Volume 2, the exciting conclusion of Season I!
