My husband left me.

After five years together, he realized he was gay.

Once the anger had faded away, there was nothing but love behind. This man is still my best friend and I want him in my life. So I move across the hall so we can be as close as we always have.

Then his brother moves in for a couple of weeks, a man I've never met. He relocates to Seattle to work as an ER doctor at the local hospital.

And he's NOTHING like his brother.

The strong and silent type, he looks at me with a gaze so fierce it's like he hates me. Every time we're alone in a room together, the chemistry is so suffocating I can barely breathe. The guy never wears a shirt around the apartment so that makes it a million times worse...or better depending on how

you look at it.

But this man is off limits. He's the only man in the world I can't have. And he can't have me either.

So we'll just have to keep pretending there's nothing here....even though there is.
