The secret to an extraordinary life starts with five simple changes that anyone can make.

No matter who you are, where you come from, what you do for a living, or how much money you have, everyone has a shot at greatness.

Zack Friedman has inspired millions with his powerful insights, including more than fourteen million who have read his advice in Forbes.

In his ground breaking new book, The Lemonade Life, Friedman starts with a fundamental question: What drives success? It's not only hard work, talent, and skill. The most successful people have one thing in common, the power to flip five internal "switches." We all have these five switches, and when activated, they are the secret to fuel success, create happiness, and conquer anything.

The Lemonade Life is filled with inspirational and practical advice that will teach you:
Why you should write yourself a \$10 million check
Why your career depends on the Greek alphabet
Why you need ikigai in your life
How Judge Judy can help you have better work meetings
How these twenty questions will change your life
Learn from the entrepreneur who failed 5,126 times before becoming a billionaire, the fourteenth-century German monk who helped reinvent Domino's Pizza, the technology visionary who asked himself the same question every morning, the country music icon who bought more than one hundred million books, and the ice cream truck driver who made \$110,237 in less than one hour.

With powerful stories and actionable lessons, this book will profoundly change the way you live, lead, and work. Your path to greatness starts with a simple choice. Everyday, you're choosing to live one of two lives: the Lemon Life or the Lemonade Life. Which life will you lead?
