This latest revision of the Information Operations Primer provides an overview of Department of Defense (DoD) Information Operations (IO) doctrine and organizations at the joint and individual service levels. It is primarily intended to serve students and staff of the U.S. Army War College as a ready reference for IO information extracted and summarized from a variety of sources. Wherever possible, Internet websites have been given to provide access to additional and more up-to-date information. This booklet is intentionally UNCLASSIFIED so that the material can be easily referenced during course work, while engaged in exercises, and later in subsequent assignments.

This booklet begins with an overview of Information Operations, Strategic Communication and Cyberspace Operations. At each level it describes strategies or doctrine, agencies, organizations, and educational institutions dedicated to the information element of national power.

Finally, the document concludes with an IO specific glossary and hyperlinks to information operations, cyberspace operations and strategic communication related websites.
