Since we started Wait But Why in 2013, we've received a bunch of requests from readers to get the blog onto their e-reader. This was easy for them to say—they weren't the ones who would have to figure out how to put a blog on an e-reader. Not an easy task for people with no skills. The good news is, with some grit and determination, we finally figured out how to hire someone to do it for us. So here it is—Year One of Wait But Why, perfect for reading on the go, when you're offline, or as a gift for someone you know will love the blog.
